We aim to contribute to the initiative of "Make in India for the World" by positioning India as the Manufacturing Hub for the world.

Dear Members and Industry Partners,

It gives me immense pleasure to inaugurate the launch of the PPMAI Members Directory, a significant initiative aimed at enhancing the visibility of our member companies. Over the years, PPMAI has been recognized as a trusted and reliable association within the process plant industry. Many End users, leading Technology and EPC companies, particularly multinational corporations, and industry leaders acknowledge companies with PPMAI membership as a Badge of Reliability and often seek insights into our network of members.

Understanding the need for an organized and effective way to present our members to the industry, we have taken the initiative to compile a comprehensive directory. This publication will serve as a valuable resource, featuring dedicated pages for each participating member, highlighting their expertise, achievements, and contributions. Through this effort, we aim to contribute to the initiative of "Make in India for the World" by positioning India as the Manufacturing Hub for the world. This will create stronger connections, enhance business opportunities, and reinforce the credibility of our members on a global level.

We sincerely thank all our members for their invaluable contributions and extend our heartfelt congratulations to everyone who has been associated with PPMAI - directly or indirectly - in shaping it into an esteemed organization it is today. Together, let us continue to build a robust and collaborative ecosystem that fosters growth and excellence in the sector.

With your continued support, we look forward to reaching new milestones and taking Indian process plant and machinery expertise to the world.

Best regards,

Dr. Abhijit Dani
Chairman, PPMAI

DIRECTORY CHAIRMAN'S MESSAGE

This directory serves as a bridge, connecting stakeholders across industries, facilitating partnerships, and unlocking new business opportunities.

It is with great pride that I present this Members Directory of the Process Plant & Machinery Manufacturers Association of India (PPMAI). This directory is more than just a listing, it is a powerful resource that showcases the collective strength, expertise, and innovation of India's process equipment manufacturing industry.

PPMAI has long been at the forefront of fostering excellence, collaboration, and technological advancement in our sector. This directory serves as a bridge, connecting stakeholders across industries, facilitating partnerships, and unlocking new business opportunities. Whether you are seeking reliable suppliers, exploring collaborations, or staying informed about industry leaders, this compilation is designed to be your go-to reference.

I extend my sincere gratitude to all our esteemed members for their contributions and active participation. Let us continue to strengthen our industry presence on the global stage and drive progress through innovation and excellence.

49-50 Esteemed Members List

Process Plant & Machinery Association

PPMAI is a 60 year old association of highly qualified and experienced companies in India associated with various process industries right from "concept to commissioning", providing entire gambit of engineering and project management services covering all disciplines of engineering as well as complete range of supplies including fabricated equipment / pipe & fittings / instrumentation / utility packages etc.

Mission

To work towards realizing the growth of the Indian Process Plant & Machinery Industry to becoming a preferred supplier of systems, equipment and services to the global process industry.

Vision

- Speaking with one strong, credible voice on behalf of the Process Plant and Machinery Industry
- Leading the industry and focusing its energies on issues and opportunities
- Having a sense of urgency in responding to members' needs and requirements, thus providing them with a significant competitive advantage
- Ensuring value through quality, performance, achievement of results and enhancements of the industry's image
- Providing an environment which encourages staff development, team spirit and mutual respect

Values

- Interface with Government and media in order to present the perspective of the engineering and process plant manufacturing services offered by its members
- Promote and encourage members through presentation and awards for their achievements
- Networking with international bodies with a view to gain better visibility for members in overseas market / industries
- Convene meeting and discussions to evaluate policies having direct or indirect bearing on the business of members. Make suggestions / communications to the Government / policy makers on issues and concerns
- Sponsor and participate in events, workshop/seminars, exhibition, delegation and promotional activities related to members business

Objectives

Industry Advocacy:
Represent the interests of the process plant and machinery sector to the government and regulatory bodies. Advocate for policies that facilitate industry growth, export promotion, and technological advancement.

Standardization and Quality:
Promote adherence to international standards and best practices in manufacturing. Encourage members to obtain certifications such as ISO, ASME, and CE to ensure product quality and safety.

Market Development:
Facilitate access to domestic and international markets for member companies. Organize trade delegations, participate in international trade fairs, and conduct buyer-seller meets to create business opportunities.

Training and Knowledge Sharing:
Provide training programs, workshops, and seminars to enhance the skills and knowledge of industry professionals. Share industry insights, technological advancements, and market trends through newsletters, publications, and online resources.

Innovation and R&D:
Support research and development activities to foster innovation within the industry. Collaborate with academic institutions, research organizations, and industry experts to develop new technologies and improve existing processes.

Networking and Collaboration:
Facilitate networking among member companies to foster collaboration and business partnerships. Create forums for members to discuss common issues, share best practices, and explore joint ventures.

Key Activities

Industry Events:
Organize conferences, seminars, and workshops on topics relevant to the process plant and machinery sector. Host annual industry awards to recognize excellence and innovation among member companies.

Trade Missions:
Lead trade missions to key international markets to explore business opportunities and establish connections with potential buyers and partners.

Facilitate participation in international exhibitions and trade fairs to showcase Indian machinery and technology.

Policy Advocacy:
Engage with government bodies to influence policy decisions that impact the industry.

Provide feedback on regulatory changes and advocate for a conducive business environment.

Publications and Reports:
Publish industry reports, market analysis, and technical papers to keep members informed about the latest developments and trends.Release a regular newsletter with updates on association activities, member news, and industry highlights.

Collaboration with Other Associations:
Work with other industry associations, both within India and internationally, to address common challenges and opportunities. Participate in joint initiatives to promote the overall growth of the manufacturing sector.

Chemical Process Equipments Pvt. Ltd.

India's First & Largest manufacturer of FRP/GRP Equipment !

Largest FRP Equipment manufactured in India !

10m Dia x 35m HT | Project Location : Denmark

Largest FRP Reactors manufactured in India !

8.5m Dia x 8.5m HT | Project Location : Singapore

About CPE :

Founded in Mumbai, India in 1964, Chemical Process Equipments Pvt. Ltd. (CPE) is a global pioneer in the field of design and manufacturing GRP and Dual Laminate GRP equipment. In its rich experience of 60 years, CPE has and continues to cater to a variety of industries such as Chlor Alkali, Speciality Chemicals, Steel, Mineral Processing, Flue Gas Treatment, Water Treatment, Nuclear Power, Green Hydrogen, etc. Having manufactured over 40000 equipment thus far, it boasts a strength of 750+ skilled professionals including some of the most experienced personnel in the field. A truly global company, CPE's majority revenue share comes from the global markets and has exports to over 50 countries worldwide.

Crystal industrial

Crystal Industrial Syndicate Pvt. Limited, incorporated in the year 1991, is an ISO 9001 : 2008 ,ISO 14001 : 2004, OHSAS 18001 : 2007. Crystal has specialized into design and fabrication of various complex equipments and special fabricated items in exotic materials.

Product Range: Injection Quills and Access Fittings with Corrosion Coupons | Specialty Pipings in Cladded Inconel 625 / 825, Hastelloy B3, Hastelloy-C, Monel and Hard facings | Cladding of Pipe, Fitting and Valves, Well Heads and X-Mass Trees in Inconel / Monel and other Nickel Alloys | Gas Scrubbing Systems | Fire Safe Flange Guards for sandwiched check valves and Bund Sleeves | Pipe Hangers & Spring Supports | ASME U Stamp Pressure Vessels & Heat Exchangers.

INJECTION QUILLS, ACCESS FITTINGS & CORROSION COUPONS:

Crystal offers superior and reliable injection quills in various types:

1. Fixed Types,
2. Retrievable Type
3. Non- Retrievable Type
4. Forged Type
5. Retractable Type
6. Injection Quill with Spray Nozzle
7. Access Fittings with Retrievable Tools and Service Valve
8. Corrosion Coupons

All the above products are manufactured in MOC of CS, SS304, SS316L, UNS N0 4400, UNS N0 6625, UNS N0 8825,HASTELLOY C276, DUPLEX STEEL, COPPER ALLOY, etc.

CLADDING AND WELDOVERLAY SERVICES:

Crystal has developed extensive range of procedures and techniques for Clad and weld overlay applications for the Oil & Gas, Petrochemical and Refineries. Clad and Weloverlay is carried out in following materials:

Base Material:
Carbon Steel, Stainless Steel & Low Alloy Steel
Clad Material:
SS304, SS316L, SS317L, SS410, UNS N0 8825, UNS N0 6625, Hastelloy C22, Hastelloy C276, Hastelloy B3, UNS N0 4400
Weld Overlay Material:
SS 401S,SS 304, SS304L, SS 316, SS 316L, SS 309, SS 309L, UNS N0 8825, UNS N0 6625, Hastelloy C22, Hastelloy C276, Hastelloy B3, UNS N0 4400

COMPLIES WITH NACE MR0175 SOUR SERVICE SPECIFICATION

To cater to the needs of its clients for weld overlayed items, Crystal has indigenous Automatic Overlaying Machines and Endless Torch Rotation (ETR) welding machine from Fronius which has advantage of overlaying on 3D curved surfaces.

Crystals has its global presence and has supplied the products to companies like Mangalore Refinery and Petrochemicals Limited, Larsen & Toubro Ltd, Reliance Industries Limited, Hindustan Petroleum Corporation Limited , Kuwait Oil Company, Occidental Petroleum Corporation, Indian Oil Corporation Limited and consultancies like Bechtel, Jacobs, Technip, Toyo, Petrofac, Aker Kavaerner, EIL Etc.

Expo Gas Containers Limited.

.....Partners in technical growth

PROCESS PLANT EQUIPMENT MANUFACTURER INCLUDING CODED PRESSURE VESSELS

EXPO Gas Containers Ltd., is a fully integrated Engineering and Construction company which was incorporated in 1982, and governed by Board of Directors who are eminent personalities in the field of technology, finance and management.

We manufacture a wide range of Process Plant Equipments such as Coded Pressure Vessels, Distillation Columns, Towers, Reactors, and Heat Exchangers etc. We also undertake turnkey projects to construct Fixed and Floating Roof Tanks, Mounded Storage Tanks, Horton Spheres, Structural fabrication, Stack, Cryogenic Tanks, Cross Country and In- Plant Piping.

Our manufacturing facilities are located at Murbad, near Mumbai where all basis infrastructure facilities are available. Our facilities are approved by Chief Controller of Explosives (PESO) and Directorate of Boilers.

We are ISO 9001, 14001 and OHSAS 45001 certified company.

Expo Project Engineering Services Pvt. Ltd

We are specialized in the following field:

- Time bound shutdown jobs
- Column trays & internals
- Installation of Reactor internals
- Catalyst loading & unloading
- Equipment erection
- Structural fabrication & erection
- Project Management
- Tank fabrication & erection
- Turnkey projects

Lining Products:

- Pipe and fittings, Strainers – Basket / Y / T
- Bellows, Compensators, Valves – Ball Butterfly, Dia
- Dip Pipe, Spargers, Dip Tubes

PTFE lined equipments:

- Columns, POTs,
- Vessels, Tanks,
- Shells, Customized Equipment

Lining Material: • PTFE/PFA/PVDF/PP/HDPE

Graphite:

- Heat Exchangers, Condensers, Absorbers
- Heaters / Coolers, Reboilers / Evaporators
- Silicon Carbide Heat Exchangers

Systems Package Solutions :

- HCl Synthesis Package, Dry HCl Gas package
- HCl Absorption package, H_2SO_4 Dilution
- Skid operated plants / Pilot Plants

Graphite material: • Vibro and Iso molded

Key Points:

- Largest processor of India for lined piping and equipment.
- Have large sizes in seamless lining upto 1600 mm (64”).
- All fittings in single piece and longer length pipes upto 6 mtr to avoid joint and leakages.
- Well equipped facility for Graphite equipment with inhouse design (mechanical and process).
- High end Graphite used for equipment longer life.

Quality Verified, Trust Certified !!

Expert Team of Qualified Inspectors & Engineers with Global Experience.

INDUSTRIES WE SERVE

Oil & Gas Energy | Chemical & Petrochemical | Power Generation | Road, Building & Infrastructure | Fertilizer & Engineering | Aerospace & Defence | Shipbuilding & Construction | Food, Beverage & Hospitality Manufacturing | Marine & Shipping | Automotive & Engineering

Our Clientele

OUR SERVICES

- **Third-Party Inspection Services –**

Ensuring compliance with national & international standards for:

Static Equipment: Pressure vessels, heat exchangers, reactors, boilers, storage tanks.
Rotating Equipment: Pumps, compressors, turbines, screw conveyors, motors, generators.
Material Handling Systems: Cranes, hoists, conveyors, escalators.
Raw/Finished Material: Pipes, fittings, and components.
Electrical & Instrumentation: Gauges, transmitters, JB's, SCADA, cables.

- **Project Expediting Services –** Ensuring timely delivery & compliance with client requirements.
- **Pre-Shipment & Pre-Dispatch Inspections–** Domestic & International.
- **Secondment of Engineers & Officers –** Skilled professionals for your projects.
- **Vendor Shop Surveys & Audits –** Comprehensive vendor evaluations.
- **NDT Inspection Services –** UT, UTTG, PT, MT, RT, VT, Borescopy & more.
- **NACE / Bgas Painting Inspection Services –** Industry-standard coating assessments .
- **Zed Certification**

AQUAMECH ENGINEERING CORPORATION

Innovative Water & Cooling Solutions

We offer complete turnkey projects using cutting-edge technology to meet strict water quality standards.

- Hi-Purity Water Plants: Meet ASME BPE, cGMP, ISPE standards & regulatory audits (USFDA, MHRA, WHO, etc.)
- Water & Wastewater Treatment: Zero Liquid Discharge systems that comply with Pollution Control Board norms, maximizing water recycling.
- Cold Rooms & Drainage Solutions: Custom-engineered solutions for industrial applications.
- Experienced In-House Engineering Team: Designing, constructing, and validating high-quality facilities.

Founded in 1999, Aquamech Engineering Corporation is committed to innovation and excellence, holding a strong reputation in the industry.

QUALITY | INNOVATION | SUSTAINABILITY

N. H. ENGINEERS

Manufacturers of Chemical, Pharmaceutical & Herbal Plant / Machinery

We are pleased to introduce ourselves as one of the leaders in Turn key Projects. **N.H.ENGEERS** is an **ISO 9001:2015 & CE Certified** Company was established in year 1998 by **Mr. RAJENDRA MAISURIA** having rich experience more than **25 year** in Project & Engineering field. Prime objective of company is giving genuine design engineering construction and supply services and at a reasonable price in timely manner to various industrial sectors

We will evolve as an internationally reputed & most trustworthy engineering firm **utilizing the best engineering expertise in India.**

Our Products

- SS Reactor
- Reaction Vessel
- Spin Flash Dryer
- Rotary Extractor/ Dryer
- Shell & Tube Heat Exchanger
- Agitated Nutsche Filter Dryer
